BDC Analytics | Synthetic Report

Domain: sales | Metric: net_sales | Provider: deterministic demo
Baseline UTC: 2026-04-01 to 2026-07-01 (exclusive)
Current UTC: 2026-07-01 to 2026-10-01 (exclusive)

Observed net sales: $1,748,539.73 USD -> $3,218,017.11 USD; change $1,469,477.38 USD (+84.04% relative).

These are fictional sales observations and contributions; they do not establish a confirmed business cause.

Executed result data

month	period	value	units sold	orders
2026-04	baseline	590,533.49	1,027.00	349.00
2026-05	baseline	551,388.61	964.00	342.00
2026-06	baseline	606,617.63	1,049.00	368.00
2026-07	current	1,028,252.51	1,758.00	351.00
2026-08	current	1,124,164.78	1,921.00	374.00
2026-09	current	1,065,599.82	1,830.00	356.00

Quality and source information

Removed 21 duplicate sales lines.

Included 84 lines arriving more than 24 hours late.

Sources: sales_fact, product_dim, market_dim, calendar_dim, data_quality_status

Component Functionality Trace

1 User Query | complete

demo

2 Intent Understanding | complete

{"metric": "net_sales", "baseline": {"start": "2026-04-01", "end": "2026-07-01"}, "current": {"start": "2026-07-01", "end": "2026-10-01"}, "market": "Market A", "product": "Orion One", "channel": null, "scenario": "primary"}

3 Domain & Skill Selection | complete

Registered Sales Analytics (sales_analytics, version 1.0); operations S1, S2. Selected comparison.

4 Knowledge Retrieval | complete

Retrieved 5 table schemas, metric net_sales version 1.0, source mappings and validated join rules. Invoiced sales less discounts and returns, plus signed adjustments; synthetic USD only.

5 Approved Query Generation | complete

Prepared 4 read-only queries using approved total/trend/breakdown templates. UTC dates and population filters are bound separately; SQL text cannot be supplied by questions or models.

6 Execute & Validate | complete

Executed S1. Integrity passed; coverage complete: True; freshness valid: True. 2,463 scoped rows, 2,442 canonical lines, 84 late lines.

7 Results & Insights | complete

Produced 1 skill result(s) and 6 chart/table rows from executed values. Follow-ups and CSV, Excel, PDF and complete trace JSON are available.
